Original thinking

For over 200 years DuPont has pushed the boundaries of industry, inventing new materials and techniques and opening up new applications and solutions. This track record of successful invention has made a major contribution, both functionally and aesthetically, to global markets, projects and end-user products.

DuPont™ Corian® high-tech surface beautifully exemplifies this capability. Created to offer a higher performance alternative to conventional surfacing materials, it is now internationally recognised for its value to the world of design and architecture. DuPont™ Corian® is renowned for exceptional versatility, beauty and almost limitless applications for residential, public and commercial environments, both indoor and outdoor. From kitchens to lighting, home automation systems to touch control surfaces, bathrooms to the skin of buildings and furnishing and fashion accessories: the “alchemy” of DuPont™ Corian® can be found in an extensive and expanding range of everyday products, systems and designs.

DuPont™ Corian® embodies the spirit of endless evolution, built on world-class expertise in science, technology and marketing and an enviable heritage of genuine innovation.

ENDLESS EVOLUTION

An appetite for elegance

ENVIRONMENTS DEDICATED TO THE ENJOYMENT OF FOOD PRESENT PARTICULAR CHALLENGES. SENSES AND TASTES MUST BE ENTICED BY EFFORTLESS STYLE, WHILE FUNCTIONALITY CALLS FOR HYGIENE, RESISTANCE AND EASY-CARE UNDER CONSTANT USE

DuPont™ Corian® proposes the ultimate solution for meeting this combination of demands. Capable of creating fluent, monolithic installations with seamless beauty, its talents cater to multiple aspects of 'hospitality' design, whether in a private home or a premiere hotel. Integrity of performance together with the ability to transform to almost any design vision makes Corian® the enduring choice for everything from worksurfaces to dining tables, bar tops to serveries and, naturally, the sleekest of kitchen sinks.

Contemporary designs benefit from the pristine sophistication of DuPont™ Corian®.

Left: 012 kitchen by Magnabosco; design MK Design Lab; photo Magnabosco

Above: Radisson SAS hotel, Frankfurt; design John Seifert, Matteo Thun and Adam Tihany; photo DuPont™ Corian®

Working every angle

Redefining the rules for what a kitchen can be, Karim Rashid chooses multi-faceted DuPont™ Corian® to realise his distinctive vision.

Origami kitchen by Amr Helmy Designs; design Karim Rashid; photo Amr Helmy Designs

A team player

DuPont™ Corian® is aesthetically and functionally compatible with many other materials, working readily alongside steel, timber, glass, stone and more for a harmony that goes deep beneath the surface.

Left: Aprile kitchen by Boffi; design Piero Lissoni; photo Diego Alto

Above: Elektra kitchen by Ernestomeda; design Pietro Arosio; photo Ernestomeda

An inspiring outlook

While there's no doubt that first impressions count, the promise should never fade away into the background. The beauty of DuPont™ Corian® was built to last.

Kitchen in private apartment, New Zealand; design Mal Corboy; photo Mal Corboy Design Ltd

Through thick and thin

With DuPont™ Corian® the options for combining shapes, levels, downturns, edge details, materials and colours are limitless.

Designed to offer choice and adaptability, Corian® can be counted on to play any part within a scheme. In the hands of our expert fabricators, it can flow smoothly from breakfast bar to countertop, shelves to backlit display systems and so much more.

Left: High concept dining at Inamo in London makes the most of durable Corian® table tops, which also serve as interactive and touch-sensitive projection screens. Inamo restaurant, London; project Blacksheep Architecture and Design; photo Francesca Yorke

Water worlds

FLOWING WITH OPPORTUNITIES TO CREATE BEAUTIFUL BATHROOM AND LEISURE DESIGNS,
DUPONT™ CORIAN® IS THE WISE CHOICE WHERE WATER IS THE ESSENTIAL ELEMENT

Smooth, silky to the touch and completely non-porous, Corian® will not warp, stain or promote the growth of mildew. Easily adapting to fluid shapes and integrated units, the material allows for a sensual experience of luxury combined with robust resistance and simplicity of care.

From egg-shaped baths to cylindrical basins and from one-piece vanity units to sleek wall cladding, there are few aspects of bathroom or spa design that cannot benefit from the lasting value of the material. A softly lustrous finish presents a subtle strength while the ability to add modified details enhances the versatility on offer.

Above: Zone vanity by Planit; design Arter & Citton; photo Planit

Ahead of the curve

Shaping DuPont™ Corian® to your imagination is just one of the many satisfactions of designing (and living) with the material. Sympathetic to ambient temperature, invitingly velvet to the touch and flawless in its finish, Corian® can be as subtle or as striking as tastes demand, but is always confidently strong and sensually smooth. These statement pieces from Boffi maximise the unequalled allure of a material that was made to be enjoyed.

Left: Tevere bathtub by Boffi, design Claudio Silvestrin; photo Sabine Schweigert

Above: PHC washbasins by Boffi; design Piero Lissoni; photo Sabine Schweigert

On the level

Where there is a design dilemma, DuPont™ Corian® so often proposes an elegant and meaningful solution. Whether the challenge may lie in space or storage, form or content, fitting around plumbing or incorporating technology, integrated thinking applied to a highly workable material can resolve the issues in style.

Lab vanity by Makro; design Makro; photo Makro

Eureka moments

The revelation of working with DuPont™ Corian® comes in various forms: from the carefully created palette of exclusive colours (plus, of course, white, white and even more white) through to advanced fabrication technology and the dependable service that comes with years of investment in skill, innovation, ethics and sustainability.

Clean lines

When seeking fresh inspiration, simplicity is so often the key. Less is absolutely more when all you need is the right material.

Facing the future

PUTTING TOGETHER ALL THE COMPLEX PIECES OF AN EXTERIOR CLADDING PROJECT
COMES EASILY TO ALL-WEATHER CORIAN®

With a beauty that is far greater than skin deep, DuPont™ Corian® has pushed the envelope of applications to now 'wrap' entire buildings. The virtues so ideally suited to interior surfaces also make Corian® superbly fit for purpose as a rainscreen façade, with the added benefit of excellent weatherability (plus proven UV resistance in a key collection of colours.)

Once you have explored the countless creative opportunities for specifying Corian® to the exterior of a structure, you can rest assured that these distinctive designs will endure. Resolute against stains, graffiti, temperature fluctuations, fire and time, Corian® is easy to return to pristine freshness with standard cleaning but can also be repaired should any untoward damage occur. Strong yet lightweight, its workability both on and off site can also optimise costs and time. Renewable and reusable, the sustained functionality of Corian® only adds to this value.

Left (and cover): A section of the sculptural curved façade made entirely from DuPont™ Corian® for the renovation of the Palais des Congrès, Ivoire Hotel, Abidjan, Ivory Coast; project by Pierre Fakhoury; photo DuPont™ Corian®
Above: A jigsaw of cladding sections in DuPont™ Corian® enhances the planes and angles of this bank in Demark. Broerup Sparekasse, Fredericia, Denmark; project by schmidt hammer lassen architects; photo Jens Nygaard

A lasting impression

Whether you choose to customise the material in any number of stand-out ways, or keep it pure and simple, DuPont™ Corian® makes a high-performance ventilated façade that will maintain its fresh and inviting finish for many years to come.

Private villa, Croatia; project by DVA Arhitekta;
photo Marko Jukic

Modern methods

Compatible with a range of decorative techniques, fixing systems and complementary materials, DuPont™ Corian® offers an expansive vista of design and application possibilities for exterior use.

Above: The pavilion of Anansi playground in Utrecht, The Netherlands; project by Mulders vandenBerk Architecten; photo Roel Backaert
 Right: "SML House", project by CEU Cardenal Herrera for "Solar Decathlon Europe 2010" award, Madrid, Spain; photo Borja Garcia

Furnishing the imagination

FROM THE MOST IMPRESSIVE OF STRUCTURAL INSTALLATIONS TO THE MOST REFINED OF ORNAMENTAL OBJECTS, CORIAN® WASTES NONE OF ITS POTENTIAL

It should come as little surprise that once designers discovered the numerous forms to which DuPont™ Corian® could be shaped and the practical tasks to which it could be applied, the material emerged from the best-dressed kitchens and into the wider world of creative potential. Fashions may come and go but timeless beauty and meaningful utility endures. Every aspect of DuPont™ Corian® along the value chain from colour development to manufacture to end-use is carefully considered and designed for life. Many of those now producing one-off pieces or accessory collections made with DuPont™ Corian® also use material that has been salvaged as part of the Zero Landfill goal that DuPont Building Innovations has achieved for its portfolio of high-performance products.

Technical solutions from thermoforming to CNC patterning and sublimation printing can tailor DuPont™ Corian® in ways that make it unique to each aesthetic sensibility, and while its sensuous touch and lustrous finish may belie its low-maintenance toughness, there is no doubting the genuine, long term pleasure of living Corian®.

Left: Snowflakes tables by Offecct; design Claesson, Koivisto, Rune; photo Offecct
Above: Vertigo Round trays by B&B Italia; design Naoto Fukasawa; photo B&B Italia

Designed for life

The wisdom of wipe-clean surfaces combined with artistic adaptability makes DuPont™ Corian® perfectly at home with the needs of furniture design.

Rodia table by Roche Bobois; design Daniel Rode; photo Michel Gibert

Enlightened philosophy

THE ETHEREAL TRANSLUCENCY OF CORIAN® CAN ILLUMINATE THE IMAGINATION

As consistently strong, solid and homogenous as DuPont™ Corian® is renowned to be, it also offers a delicate and diffuse relationship with the light. This quality can be explored either by selecting from certain colour choices or by creatively thinning sections of the material and backlighting to enchanting effect.

From free-standing lamps to expansive wall-cladding or commercial furniture installations, Corian® can be used for illuminated design either alone or in partnership with other materials and with smoothly integrated technology. An interplay of shadow and shape, translucent and opaque, colour and monochrome can be engaged by thoughtful combinations of material and space, light-source and reflection.

Left: Sparkling with inspiration, DuPont™ Corian® gives form to brilliant ideas. Cirrata lamp; design Markus Johansson; photo Markus Johansson

Above: This lamp collection exploits the spellbinding and pioneering translucency of the 'Illumination series' of colours for Corian®. Genotype lamps; design Tomek Rygalik; photo Filip Miller

Glowing prospects

DuPont™ Corian® conducts the energy of light with a gentle diffusion, settling into strong, solid shape while appearing as though still fluid or gossamer soft in nature. Capturing ephemeral beauty within lasting material form, Corian® enables an exciting array of lighting designs.

Above: Octopus by Rene Sulc for “The Fresh Light of Corian®” exhibition, Milan, April 2011; photo Leo Torri
 Right: Hotel Sofitel Brussels Le Louise, Belgium, project by Antoine Pinto; photo Sofitel

Visionary practicality

When a major trade fair for the fashion industry understood the need for a permanent, coherent and enlightened solution to its modular display stands, DuPont™ Corian® was the answer. These luminous booths are made with Corian® in Ice White and, however arranged, will reflect well on a wise decision year after year.

Tailor made for retail design

LUXURY OR HIGH STREET, BOUTIQUE OR EMPORIUM, THE RIGHT SHOPFITTINGS SHOULD REPRESENT A DISTINCTIVE BRAND IDENTITY WHILE ALSO BEING READY TO SERVE

When it comes to fitting out retail environments, with Corian® it's never a hard sell. Apart from the ability to customise a project to embody the philosophy of both architect and client, Corian® can withstand the demands of high-traffic commerce with confident grace. Furthermore the material is renewable to full beauty should any wear and tear become excessive. Add to that an original collection of timeless colours (custom colours are also possible) and the multiple options for bespoke detailing, and there's little that Corian® can't offer to retail design.

Whether as display systems, cashiers desks, robust ornamentation, fitting room furniture, even doors, drawers and decorative shop fronts, the material can serve whatever purpose is asked of it - and with DuPont™ Corian® the long term experience of the brand remains a vital investment in customer satisfaction.

Above: The Manolo Blahnik boutique in Moscow features customised DuPont™ Corian® panels that pay homage to the traditional patterns of Russian lace. Decorative wall panels, Manolo Blahnik store, Moscow, Russia; project Data Nature Associates; photo Data Nature Associates

Style with substance

DuPont™ Corian® not only enables the expression of distinctive character, but also allows unique merchandise to speak for itself. Working wisely alongside other materials within a structure, it partners the product offering with conviction.

Public service

THE SUSTAINED DURABILITY OF CORIAN® MAKES IT A SMART CHOICE FOR MULTI-USER SPACES

While it's important that projects for public or high-traffic use think long term about the quality, performance and maintenance of the chosen materials, these spaces should also be pleasing, uplifting and inspiring. DuPont™ Corian® gets to work on solving these challenges with dynamic dependability.

Around the world, museums, galleries, educational buildings, lobbies, leisure facilities, airports and even subway stations have employed the material's potential with installations that span from the artistic to the utilitarian. Able to address all the key issues from optimising space, multi-user demand and maximising budgets to realising the most exotic of design ideas, Corian® has been working diligently in the public eye for many years.

Whether supporting ideas or weary bodies, DuPont™ Corian® serves with faithful poise.

Slick, pristine, solidly resistant to harbouring infectious agents and seamlessly cleanable, DuPont™ Corian® offers a proven performance that helps to build trust in modern healthcare facilities.
Nephrology centre, Saint Denis, France; project by architect Jean-Baptiste Bouilloc; photo Ecliptique - Laurent Thion

The right prescription for healthcare

HYGIENE-CRITICAL ENVIRONMENTS DEMAND THE OPTIMUM COMBINATION OF RESISTANCE, AESTHETICS AND VERSATILITY. DUPONT™ CORIAN® PRESENTS THE SENSIBLE SOLUTION FOR A BROAD SCOPE OF HEALTHCARE DESIGNS

Hospitals, laboratories and dental facilities internationally have benefitted from the invaluable combination of certified performance, sustainability and elegance that Corian® offers. Whether as completely non-porous and functionally seamless workbench installations, user-friendly curves, or a comforting mural in a children's ward, Corian® enhances both design ingenuity and peace of mind. Clinicians and architects alike have understood how the sensory appeal of the material together with its contribution to preventing cross-infection and its trustworthy response to appropriate cleaning makes DuPont™ Corian® the perfect partner for a wide range of applications. And while pristine white is the obvious choice for key operational surfaces, there's no reason why design schemes for reception areas, patient accommodation, therapy facilities and consulting rooms should not take full advantage of the extensive and encouraging colour choice on offer.

Above: The ability to create unique aesthetic effects alongside proven reliability, gives Corian® the edge when it comes to designs that are both imaginative and responsible. Pediatrics and pediatric emergency reception area, Hospital Universitari Sant Joan de Reus, Spain; design by FernandezCoca.com; photo curArte

Smooth operator

A study in hygienic fidelity, DuPont™ Corian® is utterly non-porous with a sleek homogeneity that also allows for streamlined design.

Above: Workdesks, Hearing Pathology Institute, Kajetany, Poland; photo CCI

Teaching and research facilities, treatment rooms, operating theatres and scrub rooms can all take advantage of the multiple possibilities for applying DuPont™ Corian® to critical surfaces.

The journey of ideas

THE UNIQUE CHALLENGES PRESENTED BY TRANSPORT DESIGN, WHETHER AFLOAT,
AIRBORNE, MOBILE OR STATIONARY, ARE ADMIRABLY ADDRESSED BY
THE CAN-DO ATTITUDE OF CORIAN®

Compact spaces, awkward shapes, spill-proof ergonomics, climate and pressure conditions, flexural strength and seamless glamour...all considerations for transport projects demanding a material that can go the distance. Designs from mega yachts to cruise liners, motor homes to commuter trains, private jets to passenger planes - plus the ports, stations and facilities that serve them - have all enhanced the experience of travel by trusting in DuPont™ Corian®.

The need for a tough yet lightweight material that can adapt to almost any creative vision is set to go only from strength to strength. Even the sky presents no limit - perhaps soon Corian® will join a number of other innovative DuPont materials already contributing to advanced space flight? Sophisticated in performance, technology and aesthetics, there's no doubt Corian® is headed for an exciting future.

Where next?

Skilled fabrication, optimum adaptability, enduring performance and sheer beauty make DuPont™ Corian® the right fit for the most demanding design projects, wherever your imagination may take you.

Copying the decorations, solutions, systems, products, installations and designs shown in these images will result in the violation of the intellectual property of their respective owners. Persons infringing these intellectual property rights will be held accountable in accordance with applicable legislation.

PROPERTY AND USE OF IMAGES

The images used in this publication are property of E. I. du Pont de Nemours and Company or its affiliated companies or, alternatively, are property of companies, architects, designers, organization or other entities or individuals. No copy of images included in this publication is authorized. The unauthorized use of these images constitutes a violation of the laws on intellectual property and Copyrights, owners. Persons infringing these rights will be held accountable in accordance with applicable legislation.

INSTALLATIONS, PRODUCTS AND DESIGNS SHOWN IN THIS PUBLICATION

The installations, products and designs made with/in DuPont™ Corian® which are shown in the images included in this publication are either products/creations of DuPont or are products/creations of other companies, architects, designers, individuals or organizations. All these products/creations are shown with the goal of communicating to the readers of this publication the design and fabrication versatility and the wide application possibilities of DuPont™ Corian®.

DuPont does not accept any responsibility concerning the commercial availability, the properties and the performance of products/creations made by other companies, architects, designers, individuals or organizations. Individuals or organizations interested in knowing more about the products/creations of DuPont should contact DuPont; individuals or organizations interested in knowing more about the products/creations of other companies, architects, designers, individuals or organizations should contact these other parties (see photo-credits).

On the cover: An initiative of the Floating City Apps foundation for deprived areas of the Third World: the “CityApps”, mobile multi-functional units adopting interior wall cladding and furnishing solutions made with DuPont™ Corian® high-tech surface; design by Waterstudio.NL; photos by Floating City Apps foundation; all rights reserved on design and photo.
